## **Criminal Minds Microsite**

### Content Outline

1. Home Page/Introduction
  1. General plot summary
  2. Production team
2. Characters – horizontal scrolling gallery of characters' photographs and names that navigate to their respective sections when clicked
  1. Photograph
  2. Relevant quotation
  3. Background
3. Season Overviews – each section given a separate treatment (via background images, color, etc.)
  1. Plot summaries
  2. Episode listings
  3. Ratings
4. Background – more traditional, text-heavy section
  1. Production history
5. Awards and nominations – table with links to respective organizations giving the awards
6. Sources
  1. Wikipedia page
  2. Photography

I plan on building a multi-page site that highlights information for those looking to see what the TV show is about as well as fans of the show wanting a refresher on certain plot elements, character info, etc. There will be an across-site navigation bar on each page, as well as navigation menus that allow the user to switch between sections of the page he/she is on.
