

# CONTENT OUTLINE

Calvary Fisher 11/09/16

## Oneohtrix Point Never Website

I'll build a multiple page website with a healthy amount of white space on each page. There are four sections in the article, so I'm just going to use those. It's a fairly short one, so I probably won't cut much content.

~ home page: general information

~biography

~ commissioned works

~discography (perhaps with a sound sample)
