## Project Title: Brexit Website

This website will have multiple pages: an intro (homepage), historical background, description of referendum, and consequences. Imagery of maps will help clarify the topic. Images of “vote” posters will illustrate the tension between both sides—leave or remain.

### **Home Page/Intro**

The home page will consist of a description of the term “Brexit”, a summary of the referendum and poll results, and lastly, the procedure for the withdrawal. Emphasize the drama and shock of the results while clearly describing the historical event.

### **Historical Background**

- Founding of EEC (EU) and British membership
- 1975 Referendum
- Between Referenda

### **2016 Referendum**

- Describe both sides, illustrate results

### **Consequences**

- (both EU and UK)
- Focus on immigration and economy
