Creative Director: Jenny Hu
Designer: Ruby Rose

Date: Friday, November 11

**Project: Buttered Cat Paradox**

We discussed the vector-based visual style of the site and looked at the sample websites listed in the creative brief. Ruby wouldn't mind creating a few vector illustrations for the site (as long as there aren't too many), and will create mockups using visual cues from the samples.

We agreed that the content of the page should be mostly taken from the Wikipedia page.
