

Plot Page:

- add images for reference of aspects of the story

Page with the Baby:

- frame around the click options

- Edit the larger text above the word "SPOILERS"

Character Page:

- Make the text regular rather than oblique

Creator Page:

- Images of his other works? Hyperlinks?

Opening Page:

- Make the text of Spirited Away larger

- Make body text smaller

- Change the image on the cover so that it is more consistent with the rest of the styles, OR add in backgrounds to all other pages.

- Make a way to see which page you are on via the menu items

- Thinner type for body texts

- Add a Gallery Page for images from the film... OR make a scrolling slideshow on the cover page with images going across the screen
