

11/16/16 Meeting notes

Concept

- Yes showing Curry being a family man and good basketball player with great sportsmanship
- Goal is to provide basic informations, fun facts, history, family life, and photos and highlight videos
- Fun Facts to include (instead of the official all season stats—(there will be a link to “see complete stats))
- Steph holds the NCAA single season record for most three pointers made.
- He has the first and second highest number of three pointers made in a single NBA season.
- He has been playing basketball since he was about two years old
- His brother and father have both played in the NBA and his mother, Sonya, played volleyball for D1 school Virginia Tech during the 80's. His sister, Sydel, currently plays volleyball at Elon University.
- From 28 feet to 50 feet, he's 35-of-52 this season. Better efficiency than making 100% of your 2s
- Curry had three 50+ point games in 2015 season without playing more than 30 minutes in either game.
- Videos for playing with dad: 1. Young <https://www.youtube.com/watch?v=JbxLsqJIIdsk>
- 2. Old: <https://www.youtube.com/watch?v=gt0QF8-dTNw>

Communication

- The color works and it communicates the heartwarming feeling and show his personalities

Structure

- We will keep the gradient effect on the home page but use simple mono blue tone for the rest of the pages
- Make the navigation bar smaller so it doesn't distract viewers
- Change hand-written font for the articles/descriptions/history to a lighter sans serif font (clear to read)
