

Mockup Review Notes

Creative Director: Laura Ancona

Designer: Alice Wang

- Not all of the content on the first mockup is accurate/there
- Pages will scroll, maybe dont make menu bar scroll but only content
- opacity seems weird, maybe try black
- less info on hover so that clicking has a purpose - OR - only have hover
- edit down artist bio and style info
- seagram murals should be in works page
- artstor for info/pics - to get file info, right click, file info (can also do this in indesign)
