Initial Meeting Notes

Creative Director: Laura Ancona
Designer: Alice Wang
Nov. 30, 2016

- Make "Mark Rothko" header be on every page (no need for section headers). Make it locked at the top of the page like the sidebar.
- Add clickable elements on home page that give info about paintings
- get rid of black outline on photos on home page
- get higher quality images
- Keep consistent larger right margin like on secondary pages
- Add photo of Rothko on "About" page
- Continue to cut down text
- Add photos to "style" and "legacy" pages within text
- add padding to the bottom of the pages so there is white space at the bottom (breathing room) and larger top margin
