Topic: Gorillaz lore site

- Find different background image for the enter page
- Gorillaz logo instead of current type
- Autoplay "Feel Good Inc." on enter page only
- Different phase 3 images → Molly will send more
- Change the navigation bar so that only "home," "stars," "band," and "art" are the only titles that appear, but clicking each expands to show the subheadings
- Expand on the "phase 4" section to say it's currently in the works → reference Jamie Hewlett posting teaser art on his Instagram, mention upcoming album
- LOOKS AMAZING YAYAYAYAYAY I'M SO HAPPY WITH IT
